

PressReader

Online media – a digital newsstand just for you

With the PressReader app, download newspapers and magazines free of charge to your tablet or smartphone. You can access over 7,000 titles from around a hundred countries, in different languages, as well as dailies such as The Guardian, The Washington Post, Corriere della Sera, La Vanguardia, The Toronto Star, The Independent and many others.

To use PressReader on your tablet and smartphone

- 01** Connect to the ((o)) ville-geneve WiFi network in one of our libraries.
- 02** Download the PressReader app suitable for your device (iOS or Android) at the following address:
<http://bit.ly/2OiaR61>
- 03** Download as many titles as you want to your tablet or smartphone and read them later. You can then update editions or download other titles for 7 days using another network.

To use PressReader on a computer

You can also consult the newspapers offered on the PressReader website (<http://www.pressreader.com>) from your laptop by connecting to the ((o)) ville-geneve WiFi network, but you will not be able to download the titles. You can continue to access this site for 7 days from other networks. PressReader can also be consulted from municipal library internet workstations.

Our librarians are available to answer all your questions.
